Jackson®

Cultivating a Greater Passion for Fishing

With the fire in our logo

The fire flame represents your profound enthusiasm

With the fire in fishing

Life transforms into a more enriching, satisfying, and exhilarating experience,
linking you to the essence of nature

To light the fire in your heart

It's essential to find equipment that make you enthusiastic,
so we are here to create tools that enhance your passion

To keep the fire burning,

It is crucial to maintain a sustainable environment; we are committed to
taking action today, rather than postponing our efforts until tomorrow

*The essence of what Jackson represents is encompassed by this principle,
which defines our purpose*

Kawasemi Rhapsody

The Kawasemi Rhapsody is now available in 5'10" and 6'1" semi-long models, with an aim for comfortable maneuverability in upstream and midstream areas. The longer lengths allow anglers to control the lure in a way that is difficult to do with a short rod, such as drifting a minnow in the center of a current, changing lanes, and reducing the risk of losing fish. KWSM-S510LML is equipped with an L action tip and ML power butt to catch big trout. The KWSM-S601ULL is a basic model that can handle a range of 50-70mm heavy sinking minnows. Grip length is adjusted for easy lure manipulation and excellent overall balance.

NEW KWSM-S46UL+

A model that strikes a high balance between casting performance and maneuverability, sitting between ultralight and light categories. With a length of 4ft6in, this model is highly versatile in standard stream locations. It features a short grip designed to avoid any interference with your wrist during minnow twitching, and ideal for short accurate casting.

Length (cm / ft)	Power	Lure Weight	Line	Action	Self Weight	Collapsed Size	Piece	Tip Diameter	
137cm/4ft6in	Ultra Light +	MAX7g	MAX4lb	Regular	76g	71cm	2	1.4mm	4 511729 014019

Carbon Fiber: 97% Glassfiber: 3%, Epoxy resin Price: ¥28,500

NEW KWSM-C43UL-G

Introducing the first glass composite model in the Kawasemi series, this rod combines the unique flexibility of glass blanks with the lightweight feel of a carbon rod. The 4ft3in length is designed with an extremely short grip, ideal for backhand casting in tight casting situations.

Length (cm / ft)	Power	Lure Weight	Line	Action	Self Weight	Collapsed Size	Piece	Tip Diameter

NEW Trout Signal

A standard rod in harmony with nature. [Web Shop Original]

Released in 2024, the Trout Signal quickly garnered attention in the trout fishing industry as a highly cost-effective item. Now, it debuts in an exclusive color available only through the Jackson web shop! Inspired by Iceland's stunning natural landscapes, this special edition features the "Blue Lagoon" color scheme.

Inspired by Iceland's stunning natural landscapes, this special edition features the "Blue Lagoon" color scheme. Comes with a dedicated rod bag in the same color as the blanks. Fuji-made guides.

TRSS-48L [Native Model]

An all-around length and action for basic stream spinning. This model covers the entire stream, from twitching minnows to retrieving in spinners, with just one rod.

Length (cm / ft)	Power	Lure Weight	Line	Action	Self Weight	Collapsed Size	Piece	Tip Diameter
142cm/4ft8in	Light	MAX8g	MAX6lb	Fast	82g	73.5cm	2	1.5mm

Carbon Fiber: 99%, Other Materials: 1% Price: ¥12,500

TRSS-62L [Area Model]

An area basic model that handles a wide range of lures, from spoons to cranks. Recommended as the first rod for maximizing the enjoyment of area fishing with a single rod.

Length (cm / ft)	Power	Lure Weight	Line	Action	Self Weight	Collapsed Size	Piece	Tip Diameter
188cm/6ft2in	Light	MAX6g	MAX6lb	Regular	102g	96.5cm	2	1.5mm

Carbon Fiber: 99%, Other Materials: 1% Price: ¥12,500

TRSC-48UL [Native Model]

A stream bait model for pinpoint casting to hotspots. The shorter grip enhances casting ease, and the flexible blanks significantly improve casting accuracy.

Length (cm / ft)	Power	Lure Weight	Line	Action	Self Weight	Collapsed Size	Piece	Tip Diameter
142cm/4ft8in	Ultra Light	MAX6g	MAX4lb	Fast	82g	73.5cm	2	1.4mm

Available only in Hokkaido

Athlete 12/14SSV NEW

Breaking News! Trial Sale of the VG-Equipped Model from the SS Series!

We are releasing a trial version of the "Athlete 12SS/14SS," which has earned unparalleled popularity and a solid track record in the Hokkaido salmon fishing market. This model is equipped with Jackson's patented VG(Vortex Generator) technology, stabilizing its flight posture for increased casting distance while maintaining the same action. This season, it will be available in limited quantities, and we will consider future production based on user feedback. The lineup consists of five colors, including two popular ones and three new additions. It's a must-try for SS series fans!

 ■Price : ¥2,250

Pin Tail Tune+170SVG NEW

The true essence of a winning minnow.

A new big game minnow based on the athlete and tuned with a heavy weight, has now been born. In dynamic situations, such as those in big games, operating topwater plugs can be challenging especially in rough conditions. When using large minnows typical issues can occur, such as poor flight posture or excessive resistance, and these can become stressful factors, making them difficult to use continuously. The Pin Tail Tune +170SVG, with the addition of the Vortex Generator ensures stable casting distances particularly in strong headwinds. The original lip refined through repeated prototypes immediately bites into the water after landing, immediately ready for the angler's expected action from the splash point. The wobbling roll action suppresses drag while generating strong flashing from the flat surfaces captivating the target fish. Moreover, it accommodates retrieval-oriented jerking and even with a fast retrieve it has a stabilized balance with its improved low center of gravity weight. It features a reliable 1.4mm penetration wire for both rocky shores and offshore applications, ensuring worry-free use without concerns about lure damage. In the high-stakes world of big games, the Pin Tail Tune +170SVG is a must-have!

Athlete Dart SP NEW

Special for Dart

The Athlete Dart SP is a sinking pencil designed for a sharp darting action. It is engineered to easily produce longer darting motions while maintaining stability and depth, a balance that is challenging for sinking pencils to achieve. Generally, improving a plug's darting performance tends to increase the risk of line entanglement during action. However, through extensive testing, the Athlete Dart SP boasts exceptional darting performance with minimal line trouble, offering a stress-free setup.

■Size : 120mm
 ■Weight : 30g
 ■Type : Sinking
 ■Hook : #1/0
 ■Color : 8
 ■Price : ¥2,100

■Size : 170mm
 ■Weight : 53g
 ■Type : Sinking
 ■Hook&Ring : No Hook
 ■Color : 6
 ■Price : ¥3,200

Please note that hooks are not included, allowing you to use your preferred setup.

Recommended: Treble Hook 2/0 ±1,
 Single Hook #4 ±1.

Mixture

Athlete 60JT

Variable joint action for all speed ranges!

The Mixture Athlete 60JT is a jointed lipless minnow that can be used at all speeds and has a unique jointed action that leads the target species to bite. It can be retrieved at various speeds, with a dead slow action to imitate a slow, weak bait and a fast retrieve with a wobbling action with an irregular trajectory. It can also be jerked, twitched, and fallen, and can be used on a variety of fish soecies and situations, depending on the user's imagination. Try casting it in any way you can think of, from light game to microbait patterns.

- Size : 60mm
- Weight : 4.5g

Mixture

Athlete 70SF

The ultimate standard minnow, a standard item

The key performance factors required of a slim minnow, is that it swims well, responds quickly to rod action, and pauses well. It may sound obvious, but the perefect action will stand out only when all of these elements balance and mesh together. Mixture Athlete 70SF is a highly versatile slim minnow that pursues such a performance and can be used not only in light salt water but also in any field, targeting various targets such as Mebaru, small bluefish, pike, and sea bass.

へこへこMAGIC

- Size : 29mm
- Weight : 2g
- Type : Sinking
- Hook : #8
- Color : 6
- Price : ¥1,400

Unforgettable Unusual Action

The "Heko Heko Magic" features a unique "basaro" action, causing the body to bend and move up and down. This movement, which is hard to achieve with regular plugs, might seem unfamiliar and unusual to anglers. Naturally, it's also an unlearned motion for the fish in the area. It swims effectively even during the fall and stands upright on the bottom, making it ideal for lift-and-fall techniques. Fish are triggered into feeding by the motion, and anglers are amazed by the results.

ZIGZAG MAGIC

- Size : 30mm
- Weight : 1.5g
- Type : Floating
- Hook : #8
- Color : 6
- Price : ¥950

The zigzag magic action has an intense slalom movement that provokes pursuit.

Unlike traditional tight wobbling, the action of the Zigzag Magic features extraordinary wider slalom motion. Its surprising zigzag path sharply stimulates the predatory instincts driving predators to chase relentlessly.

DART MAGIC AREA

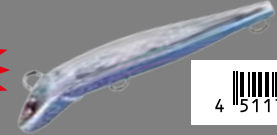

- Size : 41mm
- Weight : 3g
- Type : Sinking
- Hook : #8
- Color : 7
- Price : ¥1,200

The "Original Bottom Dart"

The "Dart Magic" introduced a unique bottom dart fishing technique. Its high-density and weight-balanced design, featuring a lead head and solid fat body, produces a rapid darting action that's hard for fish to refuse, effectively triggering their predatory instincts. The recent renewal includes a two-hook system, significantly improving the hooking rate.

Jackson Red tag Series

DWR zip off cargo pants

■Size : M/L/XL ■Color : BLK ■Price : ¥15,000

Made with a 3-layer fabric laminated with a TPU membrane that boasts a water resistance of 15,000mm and breathability of 10,000g/m²/24h. The outer fabric consists of 100D stretch material, while the inner lining is a 30D tricot mesh. These pants provide excellent waterproof performance, making them ideal not only as rainwear but also for sitting on wet surfaces, such as boat fishing situations. Equipped with a zip-off function you can easily switch between long pants and shorts, allowing you to use them for a wide range of activities year-round. The knee-level zip-off structure can also be used as ventilation by partially unzipping it and the elastic waist and webbing belt make it easy to adjust the fit, allowing you to wear them as outerwear. These pants feature spacious cargo pockets, a drawcord to adjust the hem width and waterproof zippers throughout. Designed with a slightly relaxed fit, they are comfortable and adaptable to various fishing and outdoor settings.

Note : The water-repellent coating may gradually wear off with frequent use and washing.
Re-coating is possible using commercially available water-repellent treatments (wash-in or spray types).

What is Jackson® Red tag
[Fishing×Life wear]

We offer original design wear that can be used comfortably in various situations, not to mention fishing, and can be used in everyday life.

Equipped with various features!

Easy size adjustment with the webbing belt

Equipped with waterproof zippers at various points

The hem width can be adjusted with a draw cord.

Equipped with large-capacity flap pockets

Made with durable water-repellent material.

With the zip-off function, it adapts to various situations

The knee-position zippers are distinguishable by black and white markers for left and right.

The zip-off feature allows for a shorts style as well.

Size (cm)	M	L	XL
Waist	74-82	80-88	86-94
Hip	110	115	120
Inseam	73	75	77
Inseam (for shorts)	25	26	27
Hem width	23	24	25

Jackson Red tag Series

Winter cap

■Size : 61cm ■Color : BLK/OLV ■Price : ¥5,000

A winter cap with ear flaps that can be worn in various styles, both indoors and outdoors, depending on the occasion. The outer fabric is made of water-repellent nylon, while the inner lining is a fleece that excels in heat retention. The ear flaps feature polyester faux fur, offering a realistic color and soft texture. The ear flaps can be easily adjusted to fit over the head or under the chin using a buckle adjuster. The back of the cap includes a drawcord for size adjustment. This cap is ideal for a variety of winter activities such as fishing, camping, and hiking.

Jackson Red tag Series

Boa neck warmer

Outer material : 100% nylon
Lining : 100% polyester

■Size : 64cm ■Color : BLK/OLV ■Price : ¥3,400

A neck warmer with pockets, made from soft high-heat-retention boa fleece material. It features two pockets: the front pocket for small items, and the back pocket for holding a heat pack. The front section has been designed specifically and extended to provide full coverage up to the neck, even when worn in a balaclava style. The back is equipped with an adjustable drawcord for size customization. The outer fabric is made of nylon, offering water-repellency and windproofing, making it a reliable item during the harsh winter months.

Angler's warm gloves

■Size : M/L/XL ■Color : BLC/GRC/KHC ■Price : ¥4,500

Material : 100% Chloroprene Rubber

The hand warmer pocket is designed with an angle that makes it easy to insert a hand warmer, considering hand movement. The pocket has a dual-layer structure to prevent the hand warmer from popping out during casting. It features a design that allows for two fingers to be exposed, enabling tasks like retying the line and changing lures without removing gloves. The area from the fingertips to the wrist is made of high-grip chloroprene rubber, providing a secure hold on the rod while being easy to put on and take off. It also minimizes slipping when tucked inside the outer sleeve. The wrist rib is slightly longer at 8 cm, effectively shutting out cold air that might enter from the cuffs.

Offshore Tribe

The offshore tribe allow you to enjoy offshore casting more than anyone else

Following Surf Tribe and Metal Tribe, "Offshore Tribe" was developed by Jackson so anglers can really enjoy offshore casting. All models are equipped with Jackson's original blank, which was completed by developing materials from scratch to counter the strong pull of blue fish and the powerful fight of tuna. An original guide setting that matches the target by changing the shape of the guide in the right place. The original grip allows to the angler to grip firmly at the right time. The Offshore Tribe was developed with the concept of "enjoying offshore casting more than anyone else", is now finally released.

Loosening prevention double nut specification

An original grip that enhances hold and grip strength and pursues ease of grip

An original material that reinforces the repulsion of the rod by strengthen the butt part necessary to float the fish and you can never lose the offense and defense on the boat

《Specification》

OTLS-73ML

PE #1 to #3, ML class assuming lure weight 20g to 60g. Although the thick Jackson original blank is an ML class, it can withstand the forcible pull of a 10kg class blue-runner, and the resilience of the rod lifts the target and allows anglers to fight more effectively.

Length (cm / ft)	Power	Lure Weight	Line	Max Drag (kg/60°)	Self Weight	Collapsed Size	Piece	Tip Diameter

Metal Tribe

Metal tribe where you can enjoy shore jigging even in extreme situations

In the surf live series, Jackson, who has built tremendous trust from anglers, has developed a shore jigging exclusive model "Metal Tribe" as a new challenge. There are various situations to use it even though it is a shore jigging rod, and it can be used in many locations such as embankments, rocky shore and surf. It is a rod that can withstand hard use and can catch fish even in extreme situations. This series has been repeatedly tested as a model that allows anyone to accurately cast at boiling Nabla and to increase the flight distance by using the rods power reservoir. The main target fish for shore jigging is blue-back fish, but as the size of the fish increases, the power increases dramatically. The offense and defense at rocky shore that can never be defeated by torqueful pull, and the butt section is reinforced with cross tape to strengthen the repulsion of the rod. The front EVA grip adopts an oval shape in order to obtain a hold grip force that could not be obtained with the conventional circular cross-sectional shape and prevents slipping in seawater when lifted. "Metal Tribe" is a rod that guides the trophy fish into the hands of the angler taking full control without losing out to the large fish that can be targeted by shore jigging.

K guide frames by Fuji are equipped.

Double nut system which has endurance for line tangle.

The ergonomic foregrip is designed for comfort and performance.

The Cross tape material is used in the blank weave to reinforce and increase sensitivity in the butt section of the rod.

A shrinkable bag with an original shoulder belt is included. Rod can be stored compactly. It comes in handy when you want to change the shore.

《Specification》

MTX-908M

A model that combines finesse and power to operate jigs from 30g to 80g lightly. As for the plug, the allowable range that can cast is up to 60g. Since the length is shorter than other models, the weight has been reduced as its been developed as a model that puts less strain on the body when using jigs and plugs. It is rod that can be recommended as an entry model for full-scale shore jigging and as a sub rod when using lightweight lures other than metal jigs.

Length (cm / ft)	Power	Lure Weight	Line	Action	Self Weight	Collapsed Size	Piece	Tip Diameter
295cm / 9ft8in	Medium	Jig: 30~80g Plug: ~60g	PE MAX #3	Fast	257g	151cm	2	2.5mm

Carbon Fiber: 98% Glassfiber: 2%, Epoxy resin Price: ¥29,000

MTX-1000MH

A standard shore jigging model developed for operating jigs from 60g to 100g. As for the plug, the recommended range that can cast is up to 80g. It is a model that pursues flight distance and operability, aiming for the next higher standard. The blanks are both strong and flexible and can be used for large fish that come unexpectedly, allowing the angler to fully enjoy shore jigging.

Length (cm / ft)	Power	Lure Weight	Line	Action	Self Weight	Collapsed Size	Piece	Tip Diameter
305cm / 10ft	Medium Heavy	Jig: 60~100g Plug: ~80g	PE MAX #4	Fast	308g	156.5cm	2	2.5mm

Carbon Fiber: 98% Glassfiber: 2%, Epoxy resin Price: ¥30,000

MTX-1006H

A shore jigging power model developed to operate jigs from 60g to 120g. As for the plug, the recommended range that can cast up to 100g. It has ultra-long throw performance that makes the best use of its full length, and can fight well against Nabla, which is not capable until now. The butt power is also the strongest in the series, and it is equipped with blanks that are suitable to large blue-back fished. From the tip to the butt, it has flexibility, but still manages the ability to retrieve diving pencils with amazing results.

Length (cm / ft)	Power	Lure Weight	Line	Action	Self Weight	Collapsed Size	Piece	Tip Diameter
320cm / 10ft6in	Heavy	Jig: 60~120g Plug: ~100g	PE MAX #5	Fast	331g	164cm	2	2.5mm

Carbon Fiber: 98% Glassfiber: 2%, Epoxy resin Price: ¥31,000

Place rods at 30 degrees with 500g weight statically and vertically.

JESTER

Enjoyable experience for sea bass fishing

This rod has been designed in collaboration with an experienced captain of a popular sea bass boat at Tokyo bay. Based on the tour guides experince we pursued the rod which anglers need now. Our conclusion was the "Ability to accommodate", and a build a rod which can adopt to varying circumstances where there is constant change and anglers can then still fish with enjoyment and ease. So the "JESTER" was born. Improving on the basic performance features, it has flexibility which anglers can feel and enjoy through the chrome blank which can adopt many situations, showing versatility at all times. Fitted with TORZITE rings by Fuji for ultimate perfromance and blank suitability. Without compromise, we proudly introduce JESTER.

Activity report	

FY 2024 [#1% Social Good] Activity Report

Juvenile fish release Juvenile fish equal to 1% of the lure's annual sales volume in the previous year are released in the following year.

Lure sales in fiscal 2023 were **1,041,756** pcs
 $1,041,756 \text{ pcs} \times 1\% = \mathbf{10,418} \text{ fish}$

In fiscal 2024, a total of **11,000** juvenile fish were released.

5/10/2024
Miho beach, Shizuoka

3,500 fish
(Marbled Rockfish)

3,500 fish
(Red Seaperch)

4,000 fish
(Flounder)

Clean-up activities Allocate 1% of total working hours of all employees, including representatives, to environmental protection activities

Total hours worked **37,975** hours $\times 1\% = \mathbf{380}$ hours

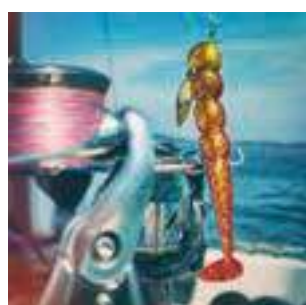

A total of **380** hours was devoted to waterside cleaning, underwater cleaning and release.

► Photos of the cleanup activities

About rod warranty

~Because of the improvement for Jackson rods, we will change from 3-year warranty to 1-year warranty~
● Products after October 2021 will comply with the rule. ● Products released before October 2021 will continue to have 3-year warranty.

Caution when using Rod

1. The material conducts electricity well, please be careful of electric shock by high-voltage line and wiring, please keep your rods away from wirings to prevent fatal accidents.
2. Please be careful of electric shock by lightning, please refrain from using when lightning strikes are present in the area.
3. Use after verifying the safety conditions of the surroundings, It is extremely dangerous if the rod, lure or hook hit each other.
4. Use for fishing purposes only
5. Keep out of the baby's reach
6. In case you broke the rod, please avoid touching the tips since the surface is dangerous.
7. Please cover your eyes with glasses and wear gloves and caps to protect yourself from the damage of broken rods.
8. Due to the material, rods can be broken by distorting, including high sticking the rod and over bending.

Caution when using Lure

1. Use for fishing purposes only
2. Keep out of the baby's reach
3. Use after verifying the safety of the surroundings
4. The tip of the hooks are extremely sharp, please handle lures accordingly.

SUSTAINABLE DEVELOPMENT GOALS

SDGs are abbreviations for "Sustainable Development Goals" which is adopted by the United Nations. It is a target that the world should unite together to realize the environment and gender equality, etc.. Jackson is supporting the development of SDGs.
